- [ 0 : 00 ] This will be our scripture portion for this morning, and it has to do with the entirety of Exodus chapter 1. This has to do with the first attempt, the first attempt in history to destroy the Jewish people.
- And this was an effort on the part of the Egyptians. So follow along as we read, if you will, please. Now these are the names of the children of Israel which came into Egypt.
- Every man and his household came with Jacob, Reuben, Simeon, Levi and Judah, Issachar, Zebulun and Benjamin, Dan and Naphtali, Gad and Asher.
- And all the souls that came out of the loins of Jacob were seventy souls, for Joseph was in Egypt already. And Joseph died, and all his brethren, and all that generation.
- And the children of Israel were fruitful, and increased abundantly, and multiplied, and waxed exceeding mighty. And the land was filled with them.
- [ 1 : 10 ] Now there arose up a new king over Egypt, which knew not Joseph. And he said unto his people, Behold, the people of the children of Israel are more and mightier than we.
- Come on, let us deal wisely with them, lest they multiply. And it come to pass that when there fall about any war, they join also unto our enemies and fight against us.
- And so get them up out of the land. Therefore they did set over them taskmasters to afflict them with their burdens. And they built for Pharaoh treasure cities, Python and Ramesses.
- But the more they afflicted them, the more they multiplied and grew. And they were grieved because of the children of Israel. And the Egyptians made the children of Israel to serve with rigor.
- And they made their lives bitter with hard bondage, in mortar and in brick, and in all manner of service in the field. All their service wherein they made them serve was with rigor.
- [ 2 : 21 ] And the king of Egypt spake to the Hebrew midwives, of which the name of one was Shipra, and the name of the other Puah. And he said, When you do the office of a midwife to the Hebrew women, and see them upon the stools, if it be a son, then you shall kill him.
- But if it be a daughter, then she shall live. But the midwives feared God, and did not as the king of Egypt commanded them, but save the men children alive.
- And the king of Egypt called for the midwives, and said unto them, Why have you done this thing, and have saved the men children alive? And the midwives said unto Pharaoh, Because the Hebrew women are not as the Egyptian women, for they are lively, and are delivered ere the midwives come in unto them.
- Therefore God dealt well with the midwives, and the people multiplied, and waxed very mighty. And it came to pass, because the midwives feared God, that he made them houses.
- And Pharaoh charged all his people, saying, Every son that is born ye shall cast into the river, and every daughter ye shall save alive.

[ 3 : 49 ] Now if you will look at your bulletin, just for a reminder, as Peter wrote to those he addressed, he wanted to stir up their pure minds by way of remembrance. So say I now this morning, and I want you to note again the basis for our title of this series of messages that we began several weeks ago.

It is called, The Jewish Final Solution to the World Problem. And for anyone who may be wondering how we arrived at a title like that, It is a takeoff upon the title of one of the chief Nazi leaders during World War II, and his name was Adolf Eichmann.

He was charged with the responsibility of solving the Jewish problem. His commander-in-chief, of course, was Adolf Hitler. And for some time, Hitler had been using the Jewish people as a scapegoat for explaining the woes and the miseries that Germany was wallowing in at the time.

And the bottom line for Hitler was, it's all the Jews' fault. They are an international pariah. And all of the problems in Germany are the result of the greediness and the underhandedness and the deceitfulness, etc., of those dirty Jews.

So, things began coming to a head in Germany in the 1930s, and perhaps the climax for it becoming an out-and-out open thing was referred to as Kristallnacht.

[ 5 : 22 ] And Kristallnacht simply means, in German, it means the breaking of the glass. And what Germans did in Germany on Kristallnacht was go throughout the business districts, and everywhere there was a Jewish establishment, they took rocks and bricks and broke the glass, broke the plate glass windows of all of the Jewish establishments.

And on other establishments, where there were not Jews owning and operating it, they had signs printed and painted on the glass of the front of it, Juden verboten.

That meant, if you are a Jew, you are not welcome in this store. Juden verboten is German for Jews forbidden.

You are not welcome here. And that began this huge anti-Jewish propaganda machine. Actually, it started before that, but that was one of the climactic incidents that really spurred it on.

And, of course, you know the rest of it is history. Adolf Heichmann came up with what was called the final solution to the Jewish problem. And that was eliminate them, kill them, all of them.

[ 6 : 41 ] And they set out to do that. And that resulted in the death of 6 million plus Jews right there in the extermination camps, the gas ovens, and the concentration camps, and so on.

So, his final solution to the Jewish problem didn't work. And, of course, it couldn't work.

Because the Jew figures very, very prominently in the plan and program of God, and they still remain to this day God's chosen people. So, albeit they are set aside under temporary discipline until the time comes when the fullness of the Gentiles become in, as Paul said.

And when that happens, then the Jew will be back in the limelight once again on center stage, and the Antichrist will be working his way across the world and wreaking havoc. And the Jew then will have a giant bullseye painted on his back, if you will.

And there will be an open season on Jews throughout the whole globe. This will be during the time of the 144,000, 12,000 of each of the tribes of Israel, but that's future, and I don't want to get that far ahead of myself.

[ 7 : 59 ] We'll get there eventually. I do have one possible fear, though, and that is the Lord may come and fulfill all of these things literally before we get through this, because it's an ambitious undertaking.

But as your bulletin says, anti-Semitism begins. It first rears its ugly head when it is prophesied to Abraham by God himself.

This will be the initial instance of a hateful phenomenon that will be repeated in various ways throughout history and up to and including today.

We will trace it and begin it. And to do that, I would ask you to come to Genesis, if you will, please, and look at one of the incidents where God reaffirms his commitment to Abraham.

Actually, he made it initially in chapter 12, but he confirmed it and reconfirmed it again and again, not only to Abraham, but to Isaac and to Jacob as well.

[ 9 : 08 ] And for our lead text, we're going to take a look at chapter 15, and verse 12. And I'm not going back into the separation of the animals.

If you're interested in pursuing that, you can get an earlier CD. And by the way, all of the CDs and the messages that are delivered here are usually available about 10 minutes after we deliver them.

So they are hot off the copier. And if you want to wait around for 5 or 10 minutes, you can find a CD available just outside the secretary's door as they make them up after the message.

But for those of you who weren't here and want previous messages, they are available back there also. And you can identify them because they are dated as to what Sunday they were delivered.

And earlier we covered this material, but I just want to begin with verse 12 of chapter 15 and explain briefly what is involved. When the sun was going down, a deep sleep fell upon Abraham, and behold, terror and great darkness fell upon him.

[ 10 : 11 ] And God said to Abram, Know for certain that your descendants, which is an interesting comment because at this time, he doesn't have any descendants.

None. Not even one child. But he of course will, and that will be Isaac. And now, in the midst of this sleep that was the vehicle through which God accomplished the establishment of this unconditional covenant because God is the only one to pass through those animal parts and Abraham is out.

He is unconscious at the time. But he gets the message that God delivers to him and it is significant. He says, Know for certain that your descendants will be strangers in a land that is not theirs.

That, of course, will be Egypt. where they will be enslaved and oppressed four hundred years.

But I will also judge the nation whom they will serve. That is, God is saying he will judge Egypt. And afterward, they, Abraham's descendants, will come out.

[ 11 : 29 ] That is, come out of Egypt with many possessions. And as for you, you shall go to your fathers in peace. That is, he is simply predicting Abraham's death.

You shall be buried at a good old age. A hundred and seventy-five years. That's a pretty good old age, isn't it? And then, in the fourth generation, they shall return here.

for the iniquity of the Amorite is not yet complete. What in the world does that mean?

Briefly as I can, let me try to explain it. The passage that we read from Exodus chapter 1 is 400 years forward from what we just read here in Genesis 15.

It is a prophetic pronouncement that God is making to Abraham and telling him what is going to befall his progeny. And as yet, as I've said, he doesn't even have a son, at least not by Sarah.

[ 12 : 39 ] He has a son by Hagar, the bondmaid, and that will be Ishmael. But Ishmael doesn't count because he is not the son of promise. To be the son of promise has to be a son of Abraham and Sarah.

And to be a son of promise it has to be a son of Isaac. And to be a son of promise it has to be a son of Jacob. So it is Abraham, Isaac, and Jacob.

That's the big three. And whenever you read in Scripture a Jew is speaking and he talks about our fathers. He's talking about Abraham, Isaac, and Jacob.

They are the fathers, the patriarchs of the entire nation of Israel. And what God is telling Abraham here is that your descendants are going to be in a strange land for 400 years.

And what's going to happen, of course, you recall the story of Joseph being sold into slavery by his brothers. He goes to Egypt. He is the vehicle through whom the whole nation of Egypt is spared because God revealed to him the nature of these dreams that there would be seven years of plenty and then there would be seven years of famine.

[ 13 : 53 ] God revealed all of this to Pharaoh. Pharaoh put Joseph in charge of administering the whole affair as to how the crops would be gathered and how they would be proportioned and how they would be distributed and all the rest.

And it kept the nation from starvation because they were able to save the seven years of plenty for the seven years of lean that would follow. And all the while the children of Israel were back in the land of Israel until the famine started in Israel.

Then they were sent to Egypt to buy grain because they couldn't produce grain there in Israel. And if you look at the map you'll see that you just go down from Israel down south and then a little bit to the west and you're in the land of Egypt.

And you have to go through what is now known as the Gaza Strip in order to get there. And that's just a little slice of land on the Mediterranean that you would pass through in order to get to Egypt.

So eventually Joseph ends up there having been sold and you know the story about the dreams as I just recounted and he becomes salvation. Well then the family back in Israel unable to raise crops because of the famine that was going on there send these brothers Joseph's brothers to Egypt and you remember the story perhaps from Sunday school how they discovered that Joseph was their brother and he knew them but they didn't know him etc.

[ 15 : 22 ] Well that's how they got there. Then after Joseph identified himself to his brethren they went home and told their father Jacob who is quite elderly by now what all had transpired and he is just beside himself with joy because these brothers had told the father that Joseph was dead.

and they brought in the bloody garment remember and said some beast has devoured him. So Joseph was considered dead all this time and when Jacob hears about it he is overjoyed and Joseph in this position of great power and authority now in Egypt sends for his whole family all of his father and all of his brothers and all of their children to come down to Egypt also.

and there are 70 of them that's all just 70 they are all descendants of Abraham and Isaac and Jacob is among them so when they get to Egypt the pharaoh who is very grateful to Joseph for all of his expertise and insight the salvation of the land etc gives the Jews or actually they're not Jews yet they are just people but gives Joseph's brethren a choice piece of real estate there in the land of Egypt it is the land of Goshen and it's very fertile etc but as we read in our scripture text this morning there arose up a king or a pharaoh who knew not Joseph and that means that several pharaohs had come and gone because they died off from the time of the pharaoh that

Joseph served and the pharaoh to whom Joseph to whom who was so devoted to Joseph he died off and subsequent pharaohs had died off too and we don't know how many but pharaohs came and went for 400 years and finally they arrive at a pharaoh who is told about Joseph and he says Joseph Joseph who I don't know Joseph I don't know this guy I don't know anything about he wasn't particularly interested perhaps didn't put much stock in the story that had been handed down verbally about Joseph being so strategic in the salvation of Egypt etc his only concern was for the security of the people of Egypt because I tell you what these people these Hebrews are multiplying like crazy and what really concerns me is we've got some testy neighbors around us and we don't know but what they might make mischief and start some kind of a conflict and we don't know that we have the loyalty of these

Hebrews they could side in with our neighbors and become enemies against us and be our undoing so they come up with this demonic scheme and I believe it was demonic through and through to rid themselves of this threat and I won't get into it now but it will come out later when we deal more with the Arab Israeli issue and the Arab issue that he wanted the boys destroyed at birth that way they'll certainly pose no threat only the males represented a threat in their thinking but save the girls why the answer is very easy very simple it's very nasty it's just one word sex that's what it's all about that's why the girls were to be saved and that is precisely one of the principal reasons that modern day

[ 19 : 23 ] Muslims have the value system they do to women and why women are discredited in their culture women are not allowed to do a lot of things that men are allowed to do and that goes all the way back to times in Genesis and you will see that when we get there it will be remarkable so God is telling Abraham that your people your descendants are going to be subjected to slavery and harsh treatment for 400 years and then then I'm going to bring all of them right back to this spot where you are right now and as you look at the text we are in Genesis 15 and actually it's well he is at the plains of Mamre or near

Hebron in Israel when God appeared to him in this vision and told him to part the animals and then God passed between them etc and what God is telling Abraham is this your descendants going to be in this land for 400 years and then I'm going to bring them right back here to this very spot where you are right now and then he adds this interesting comment the fourth generation they shall return here for the iniquity of the Amorite is not yet complete what does that mean the Amorites were of the Canaanite tribes Canaan was a grandson of Noah and a son of Ham and he was the one upon whom the curse was placed in connection with the sin back in Genesis chapter 9 I believe it was with Noah and this group of people these Amorites who were also

Canaanites Canaanites is the larger body and all of Israel in the ancient name was called the land of Canaan Canaanites indwelt it Amorites were just one faction of the Canaanites and there were Gergesites and Hivites and Perizzites and Amalekites and all the other ites that were there too these were all different branches of the Canaanite people and when he says I'm going to bring them back here in 400 years because the cup of the Amorite is not full the cup of the Amorite was wickedness was evil these people were debauched depraved profligate just every kind of imaginable bestial type of activity that you can imagine and it was increasing and what God is saying is I'm going to put up with this for 400 years the cup of the Amorite the cup of iniquity of the Amorite is not full but in 400 years it will be and I'm going to bring your people back here to this spot and one of the reasons I'm going to do that is because your people are then going to drive them out and you're going to go to war with them and eliminate them and they are given specific instructions to do that and this too is something that people have difficulty with today about God requiring them to wipe out everybody men, women and children how could a benevolent God possibly do that that's something else we'll talk about when we get to it but there is very good reason behind it so

I say all of that to simply inform you that this situation beginning back in Exodus chapter 1 and referred to here in Genesis has to do with God's plan and program involving the Jew we have already described the nation of Israel as a very strategic people in connection with the plan and program of God and so they are so I want to insert for the record a number of propositions for you to consider and then we'll move on into the text we are currently engaged in a comprehensive consideration of the history the present and the future of the entire human race that's why I call this an ambitious undertaking we are however careful to limit our exploration to the human race because there are other orders of beings that transcend the human race namely those beings of an angelic order compared to humans little is known about angels we humans tend to think we are the be all end all of creation and we scarcely allow room for other beings to be major players in the overall scheme of things but angels have been major players in the past and most certainly will be in the future and you may be wondering what in the world does this have to do with

Israel that you were just talking about a whole lot now I'm going to be all over the place and I want you to stay alert and be with me if you can and come to Ephesians chapter 3 and we just want to touch on a verse there give you something to think about as we return to our propositions Ephesians chapter 3 this is where things are ultimately going all the way from Genesis to where this is going to be realized as a fulfillment in Ephesians 3 and I want to tell you right up front I don't understand very much about this but I want to get it on the record so it can confuse you along with me alright let us begin reading if we may with verse okay verse 1 for this reason I Paul the prisoner of Christ Jesus for the sake of you Gentiles now notice his audience look at who he's talking about for the sake of you

[ 25 : 37 ] Gentiles that means not Jews but Gentiles if indeed you have heard of the stewardship of God's grace which was given to me for you that by revelation there was made known to me the mystery as I wrote before in brief and by referring to this when you read you can understand my insight into the mystery of Christ which in other generations was not made known to the sons of men as it has now been revealed to his holy apostles and prophets in the spirit to be specific that the gentiles are fellow heirs and fellow members of the body and fellow partakers of the promise in Christ Jesus through the gospel of which I was made a minister according to the gift of God's grace which was given to me according to the working of his power to me the very least of all saints this grace was given to preach to the gentiles the unfathomable riches of

Christ listen closely please and to bring to light what is the administration or the dispensation or the doling out of the mystery which for ages has been hidden in God who created all things in order that or to the end that or so that the manifold and manifold simply means many much a lot an abundance so that the manifold wisdom of God might now be made known through the church to whom to the rulers and the authorities in the heavenly places who's that these are angelic beings before man was ever created angels were created before the fall of man ever took place in

Genesis 3 angels were already on the scene and we know that the chief angel who began as Lucifer before his fall became Satan after he rebelled against God and he recruited one third of the angels that God created to follow him rather than God and this began a cosmic conflict on a scale that we cannot begin to understand because it was all spiritual angels are spirit beings they are not physical they do not possess bodies like we do although there are times when they appear as humans even though they are not human they are able to assume the appearance of a human and several do in scripture angels are spirit beings God is spirit Satan is spirit so we've got all of this cosmic conflict taking place in a theater that we cannot begin to understand because that which is spiritual doesn't occupy time and space we just don't know about this we just can't get into this because our world is physical and material and we simply have great difficulty relating to the existence of something that is non material but still has objective reality that is just beyond us and yet that dwells in you that non material part is part of your makeup in fact it is the non material part of your being that is the real you not your body your body is just an extension of the real you and it enables us to identify you but the real you is your human spirit and what is involved in this great conflict is a spiritual kind of battle or conflict

I don't profess to understand this but I do get the impression that in regard to the fall of the angelic sphere and the rebellion of Satan and all of his minions God has something to prove and he is going to prove it or demonstrate it or show it clearly to these angelic spheres and guess who he's going to use to do that you and Israel because from all I've been able to gather in the scriptures from Genesis to Revelation when we ask why is there something rather than nothing why did God create anything why did we have a garden of Eden why did we have Adam and Eve why do these things even exist and the only conclusion that I can come to and I keep coming back to it is this is that we saw in

Revelation 4 that God created all things because it pleased him to do so and is because God was pleased to create it was just according to his own purpose and he didn't give any other reason he was pleased to do it and I cannot escape from the conclusion that God is using the human race the body of Christ the nation of Israel to resolve the angelic conflict and he is going to use beings that are lesser than angels to effectively combat the angelic revolution and when he does he's going to put all of this on display so that the manifold wisdom of God might now be made known through the church to the rulers and the authorities in the heavenly places in other words

[ 32 : 12 ] God is going to use beings who are inferior to angels and he's going to use you and me and Israel to really show them up and his wisdom will prevail and he is going to do this because it has pleased him to do it so let me continue with my propositions angels have been major players in the past and most certainly will be in the future Ephesians 3 refers to Jews and Gentiles but before God will utilize Gentiles he first begins with the utilization of the Jew this is the thrust of not only the Old Testament but also up to the middle of the book of Acts the Jewish people as well as the Arab began with Abraham the common father of both today's conflict between the Jew and the Arab began here in Genesis and will be perpetuated into the second coming of

Christ the angels to whom we referred earlier are players in the cosmic conflict but for the most part they are unseen players yet there are times when angels are front and center and very apparent in their activity angels were present in Genesis 19 when they appeared to Abraham and seemed to him to be mere men there were three one of whom was called the angel of the Lord whom we believe to be a pre-incarnate appearance of Christ himself we call this a Christophany the other two angels were the destroyers of Sodom and Gomorrah in the sphere of angels there is a hierarchy or ranking there are cherubim and seraphim both of whom are found in Genesis 3 with flaming swords there are archangels that is chief or first angels one of whom is

Michael Michael is charged with a particular responsibility and involvement with the nation of Israel Gabriel another archangel is involved as well in Daniel 9 and 10 which we will consider later in this series the focal point in Daniel and his critical prophecies is of course the nation of Israel when God selected Israel as his chosen people he also painted a bullseye on the back of the nation Satan the chiefest of all angels the chiefest of all angels we briefly considered in Isaiah 14 and Ezekiel 28 has repeatedly taken aim at destroying Israel all throughout history here in our Exodus text is the first obvious occasion there will be numerous others up to and including today and onward into the tribulation period the

Jewish people will remain in the crosshairs of Satan and his chief surrogate the Antichrist the book of Revelation perhaps the most amazing aspect of this entire saga that is so strategic to the plan and program of God is that it is little realized or understood by most of the world and the most amazing aspect of the amazing aspect is that it is little realized by the Jewish people themselves and they are going to be among the very major players in the last days and for the most part the Jews today are completely oblivious to this and about the only ones who are not are Jews who have come to personal faith in Jesus Christ as their Savior and they have become what they call themselves completed

Jews and they have developed an intense interest and study of the scriptures and of course these things become familiar to them and they know them so all of this brings us today and to the text in Exodus and it is the first satanic arrow that is shot toward the bullseye of Israel and I think that it's easy for us to overlook this and I don't want to be guilty of just reading indiscriminately in the white spaces but because Exodus doesn't say anything about satanic activity it just refers to Pharaoh and yet I want you to understand something because there is a very valid connection and that is the nation of Israel or the nation of Egypt rather later we'll see sometimes the nation of Israel too was steeped in idolatry the

[ 37 : 21 ] Egyptians had God's many and Lord's many if you look at some of the ancient drawings and pictures taken and discovered by archaeologists from Egypt you see all kinds of grotesque figures you see you see you see in bas relief a sculpture of the body of a human with the head of a crocodile attached to it what is that that's a god that's one of the gods of Egypt it was a crocodile god and this by the way some scholars believe and I tend to agree that these baby boys that were to be thrown into the Nile river upon birth were sacrificed to the crocodile gods of Egypt and they must have relished those little tidbits whenever they could now this is such gross paganism that is hard to imagine it ranks right up there with cutting off the heads of babies that is taking place today in some of the

ISIS encounters and heads of adults as well the Egyptians ancient Egyptians were very steeped in idolatry and they made statuary and images to it the Sphinx is one of them I think we recalled earlier that the Sphinx which is of course in every geography book and history book that's probably ever been published and it's a famous tourist attraction to this day you can go there and the Sphinx is of course the body of a lion and the head of a human and this simply a deity that was a beetle if you will the Egyptian scarab and all kinds of multiple deities all given over paganism and idolatry and who is it and what is it that is really behind idolatry it is satanic activity it is demons and

Paul made that very clear when he wrote to the Corinthians and he talked about eating meat that was offered to idols Paul said we know that the idol is nothing the idol has no objective reality the idol is not a god and there is not a god behind it what is behind it when they sacrifice to these idols they sacrifice to demons and they don't even know it this is part of the ignorance of humanity and the blindness of the human eye that Paul talks about in 2nd Corinthians 4 it is satanic blindness satanic deception satan knows and to what extent he knows we don't know but he knows something about the plan and program of god and he knows when revelation starts developing the phrase is used that he knows that he has but a short time so what he's going to do he has to get done very quickly he knows he's on a short leash but back here in Genesis or in Exodus Egyptians this too is all caught up in demonism and paganism and so it will be with worship when the children of

Israel come into the land of Canaan they have their gods you've heard of the Baals the Baals these are the false deities and they were fertility cults these were the these these gods even had prophets they even established a prophetic order for the Baals and in first kings it is Elijah that does battle with the prophets of Baal on Mount Carmel and there are 400 of them and he dispatches them all 400 of them they are slain they are all the lackeys and the servants of these false gods Baal everywhere you look where there is idolatry and it is rampant throughout the world especially in the dark places of the world and by dark I mean places where the gospel has had little penetration you will find a proliferation of demonism voodooism satanism all kinds of isms that are given over to none other than satan himself and he is very active his principal ministry is to blind and deceive people and probably probably his most probably his most successful con is to convince people that he doesn't even exist so you have people who have been stung and they don't even know they've been stung that is a master of deception that's what he specializes in so here we have a very early onset of what

I believe without reading in the white spaces is a connection between demonism satanism and the early attempt on the part of Pharaoh to destroy the nation of Israel because whatever Satan knows however little or however much he knows about the plan and program of God he knows this he knows the Jew Israel is the apple of God's eye ooh what must that mean that means that God has a special place in his heart for Israel so if you really want to injure God foil God's plans upset God's plans for God's plans ruin God's plan what's the best way to do it attack Israel every time and any time you have an opportunity and what I'm saying is it began here in Exodus chapter one and they were just scarcely a nation because they had been there for 400 years and when you take 400 years you take 70 people and

[ 43 : 51 ] I've done the math and others have done the math too even mathematicians have done the math you take 400 people and you assign to them an ordinary birth ratio life death birth ratio after 400 years of conceiving and begetting and maturing and growing and starting the process all over again like each generation does you come up with about 2 million people that's probably a conservative estimate maybe 2 and a half million would be more like it because you've got to remember this was before the pill so ladies didn't have an opportunity to short circuit things and this was kind of an unthinkable situation for abortions and we've succeeded in eliminating 50 million of our own people through abortions one can only wonder how that would have changed the dynamics but that's all behind us now so all of these things come into play and

Israel is an object today in many quarters of rebuke and scorn and hatred and vilification and persecution they have a history of this and you haven't seen anything yet we're going to unfold some things that will give you clear and present understanding as to why the Jew worldwide for the most part has a dread fear and even abhorrence of the name Jesus and of the New Testament why they hold it in such fear and loathing most of us Gentiles have absolutely no understanding at all of what the Jewish people worldwide have been subjected to for the last 4,000 years we know about the Holocaust and the reason that is so prominent is because of the numbers 6 million plus were eliminated in the

Holocaust but there was so much more that preceded that and I am satisfied that every one of those consisted of a satanic attack to do away with the Jew to neutralize the Jew and yet they have been incredibly sturdy and self sufficient and self reliant and of a survival mode that in my estimation cannot be explained apart from divine intervention so we are going to examine a number of these things and I am going to provide you with prolific handouts and you will think that these things are getting together and having baby handouts for the time we get finished and I've encouraged several of you to maybe secure a three ring notebook and start putting these in and I'm going to begin putting dates on them and we're going to give a long hard look at this thing called reconstruction and replacement theology that is so prevalent today and more and more of a minority movement which we are because most of the bandwagon today is against

Israel and it is going to increase and I don't know that I have ever made a prophecy from this pulpit in the 40 plus years that I've been here well actually there's nothing new about this I think the scriptures make it quite clear but all I'm saying is in the end time Israel is going to be forsaken by the good old USA we're going to turn our back on Israel and the reason we're going to do that is because public opinion will demand our movers and shakers to distance themselves from Israel public opinion is headed in that direction as I speak and these articles that you will be getting that have been produced by Israel my glory you will see names dates places it's all documented it is not opinion it's fact and you'll be able to connect some dots like few people can and that is our purpose for being here it is to understand what

God has revealed and what we are to do in light of it and it is no secret that I have already exceeded my time and I don't have time for Q&A; this morning so forgive me I'll promise you this Marie next week I want you to give me to and I'll quit watch your watch and I'll quit and you'll have time for Q&A; and we'll do that so these are exciting times they really are exciting times and they're going to get more so as time goes on I do believe we're getting closer and closer to the end and as I said last week we're closer than anybody has ever been would you stand please father we recognize fully that there is much that we have talked about this morning that we certainly fall far short of understanding to the extent we'd like to but we want to investigate because we love you and we want to know your mind and your plan and your purpose not only for

[ 49 : 43 ] Israel but for us as individuals and how we play into all of this so we are grateful for what you have been pleased to reveal to us and we look to you for understanding and guidance that we know we do not have within ourselves thank you for providing the revelation thank you for being the God of absolute faithfulness and integrity that you are you will fulfill all your purpose as regarding your promises thank you so much thank you for each person here today thank you for the privilege of knowing that you cared for us and loved us in such a way that you gave your own son to do for us what we could not do for ourselves to redeem us and make us acceptable to you through him we'll be forever grateful and we look forward to being able to thank you personally throughout eternity in Christ's name Amen
